

# CSC Volunteer Profile

## Lighting Technician

### Position Summary:

Effective lighting ensures everyone attending a weekend service or service can clearly see those on stage, while ambient lighting helps reflect the experience in the room—especially in worship centers and auditoriums. Lighting is mostly seen as a technical position, and though it has many technical aspects to it, lighting is highly artistic.

### Ministry Vision:

Technical Services exists to illuminate, magnify, and enhance all aspects of the CSC corporate worship service and ministry/group events, to help accomplish our mission of introducing people to Jesus and helping them to become fully devoted followers.

### Duties & Responsibilities:

#### Pre-Service / Rehearsal

- Arrive at your pre-determined call time
- Review the Order of Service and worship set
- Attend the Production Meeting
- Prepare for the service by programming lighting cues or changes During Service
- Stay in position and remain focused, maintaining a posture of worship
- Create an inviting space for people to experience Jesus
- Follow all directions from the Worship Staff or the Tech staff

### Time Commitment:

- Sundays: 6–7 hours, beginning at 7:00 AM and serving through teardown
- Saturdays: 6–7 hours, beginning at 12:30 PM through Sunday morning setup
- Attend Mid-Week rehearsals or special events
- Minimum: Once/ Twice per month

## Qualifications & Requirements:

- Strong communicator and team player
- Reliable and punctual
- Calm under pressure and adaptable
- Willing to learn and take direction from others
- Prior knowledge in production lighting is preferred but is not essential

Getting Involved From, Model Release Form

## Volunteer Benefits:

- Opportunity to serve God & others
- Connection with CSC community
- Knowing that you are part of a team that is providing God's word to our campuses, and to people around the world
