## Worship Ministries

### Position Summary:

We are lead worshippers from all of CSC's five campuses. We are united in vision and purpose, while at the same time creating services that each have their own unique worship language (style of presentation). Where traditions are broadly shared and meaningful we will endeavor to maintain them in proper balance with emerging worship experiences.

As members of CSC Worship, there are four values that guide our pursuit of living out and leading others in worship. Each of these foundations are essential both on the platform, or while we are leading congregational worship, and off the platform, in our daily personal lives.

### Roles:

**Central Campus Choir Member** - Expresses their heart and passion to worship God by singing in community with other Choir Members. The choir leads and presents music for the CSC congregation during some weekend services and for special presentations such as Christmas and Easter concerts. [Learn more.](#)

**Central Campus Orchestra Member** - Is a gifted and experienced musician with a passion for using their instrument to make beautiful, inspiring music in community with other Orchestra Members. The orchestra blesses the CSC congregation during some weekend services and for special presentations and concerts. [Learn more.](#)
