

CSC Volunteer Profile

Stage Tech

Position Summary:

To provide practical, hands-on support for live stage audio by assisting with setup, basic troubleshooting, and communication between audio team. This role plays a vital part in ensuring smooth and distraction-free services by supporting the needs of musicians, speakers, and audio engineers. It is ideal for volunteers who want to serve in a technical, behind-the-scenes capacity without needing prior audio experience.

Ministry Vision:

Technical Services exists to illuminate, magnify, and enhance all aspects of the CSC corporate worship service and ministry/group events, to help accomplish our mission of introducing people to Jesus and helping them to become fully devoted followers.

Duties & Responsibilities:

- Set up tech pre-service/tear down tech post-service
- Facilitate communication and coordination between Monitors, Front of House and Broadcast audio engineers
- Assist Worship volunteers with any needs they have
- Mic up pastors and other speakers with headset microphones
- Troubleshoot tech issues during rehearsals/services

Time Commitment:

- Sundays: 6–7 hours, starting at 7:00 AM and serving through the end of teardown
- Saturdays: 8 – 9 hours, starting at 12:00 PM through the end of Sunday morning setup
- Optional: Weeknight rehearsals or special events
- Minimum commitment: Once per month

Qualifications & Requirements:

- Reliable and punctual
- Willingness to learn and take direction
- Calm under pressure

- Physically capable (lots of lifting, moving around and bending down)
- Strong communicator

Getting Involved From, Model Release Form

Volunteer Benefits:

- Help worship teams minister to the congregation
